85 PERCENT PASS GRADE 13

Eighty-five percent of all papers tried at our School were passes this year. Twenty-three students of a total of twenty-eight who were eligible for diplomas will receive them.

Mr. J. Douglas Hodgson, Principal, stated: "We of the teaching staff are very pleased with the results that our Grade 13 students received this year. We are particularly pleased with the high percentage of passes. Our congratulations go to Linda Sibbey whose overall average on nine papers was 82%, making her a Scholar of Ontario. Also M. Elizabeth McKay and Elizabeth A. Murray, on the basis of

university entrance requirements of seven credits, have First Class Honours. We at School are also grateful to those students and parents who had confidence in the School and supported it at other times, which made it possible for us to retain a fine teaching staff, and produce results such as we have this year.

In keeping with school policy of not publishing individual student's results, interested citizens will be able to attend the Commencement scheduled for Saturday, October 20th and publicly commend the twenty-three students who will receive Ontario Secondary School Honour Graduation Diplomas."

LETTERS to the EDITOR

August 16, 1966.

Mr. B. Feir, Editor,
Haliburton County Echo,
Haliburton, Ont.

Dear Sir:

In reply to recent criticism of the Haliburton Fire Department, regarding a call to West Bay Dump on Haliburton Lake.

For your information as well as that of your readers, the call in question was received by myself, at 4:10 p.m. One man was immediately dispatched, arriving at the scene at about 4:30 p.m. After viewing the situation, he phoned and reported there was, in his opinion, no immediate danger, however, he did remain on the scene until 6:20 p.m., then returned to Haliburton. After the Rotary Parade, seven men went to this fire, let it more or less burn itself out and finally extinguished it at 4 a.m.

While this information may be of little or no consequence, there is a point or two I would like to make:

This Fire Department are not responsible for Dump or Brush fires, rather this is the responsibility of the Ontario Department of Lands and Forests, and those

Congratulations

Mr. Clarence Sedgwick of Haliburton was 84 years old on Sunday last and he is still going strong. We might say that Clarence started to work on the Lindsay and Haliburton line in 1906 and retired in the year 1948.

Mr. Sedgwick says he is feeling fine and hopes to be going as strong as ever 10 years from now. We hope so too.

persons appointed by them as Fire Wardens in this area. Over the years this Fire Department has attended all fires of all sorts any place. We have, I think, discharged our responsibilities in a manner that each and every resident can take pride in. We have had the fullest co-operation of the Municipal Council, and any group or person we have dealt with, and I personally feel Mr. Heinze's criticisms are unwarranted, unjust and not in the best interest of everyone concerned.

I trust this will explain our position in this matter.

Yours truly,

Sidney Roberts,
Fire Chief

Accident Blamed On Driver's Inexperience

An accident which resulted in \$200 damage near Haliburton last Saturday night was blamed on inexperience.

Haliburton OPP said a 16-year-old Toronto youth, John Zeller, was driving on the narrow Haliburton Lake Road when he met another vehicle and pulled his car too far to the right. Police said the youth has only held a licence two weeks.

The Zeller vehicle went off the road into some brush and crashed into a tree. No injuries resulted.

Haliburton OPP Constable David Exley investigated.

Aluminum Cans For Beer Advocated By Glen Hodgson

TORONTO (CP).—Discarded no-refund beer and pop bottles

not only are marring the province's countryside but have become a hazard to swimmers, the

legislature's Select Committee on Conservation was told last week.

Glen Hodgson, PC-Victoria, described the proliferation of the bottles as a "serious and growing problem" that could be resolved if they were made of reclaimable aluminum rather than glass.

He suggested a program along the lines of the anti-forest fire Smokey the Bear scheme might provide the public education needed to overcome the bottle problem.

A system used by a United States company for recovering aluminum containers was cited.

The company he said, pays two cents for each container at established depots for receiving them and is able to reclaim the metal for use again at a loss of only one-half cent per unit.

Mr. Hodgson said he had received reports of several persons receiving cuts from discarded glass bottles while swimming.

The new service which will be known as Tory Hill Rural Route No. 1 will be performed over a distance of 10.6 miles and will involve the closing of the Essonville Post Office.

Cars Collide

Damage estimated at \$550 resulted on the Essonville line, three miles north of Tory Hill when two cars met head on at a sideroad.

Police said cars driven by Henry Cieszynski of Edmonton and Peter Thompson of Weston met on a hill on a sideroad and collided.

Police said no one was injured in the crash.

Minden OPP Constable Michael Mahar investigated.

Bill Smiley is Canada's most widely syndicated newspaper columnist. He's 44, has a wife, two children, and a mortgage. He once published a weekly newspaper, but is now a high school teacher—which he compares to working in a steel mill.

BIGTIME IN THE BIGTOWN

Burning desire of most city people in the blasting heat of mid-summer is to flee from the concrete canyons and head north, where there is cool, blue water and golden sand and you sleep under blankets.

Well, we live in the north, comparatively, and usually it's just as the city denizens picture it.

But this summer, after sleeping under nothing but a film of sweat for three weeks, we decided to seek refuge from the heat. How do you get it? Head farther north? Nope, you head south for the city and check into an air-conditioned hotel. With a swimming pool.

It was done on impulse, with no room reservation. We were lucky. After four phone calls, we found ourselves ensconced in a fine big room, cool as a tomb, overlooking the swank swimming pool. And yet it was right in the heart of the city.

Very pleasant. Free parking and free ice cubes appealed to my Scottish strain.

We called a few people, and by 8 o'clock the joint was jumping, room service was on the gallop, and the room was filled with everything from teenagers to a grandmother who had just knocked off her 79th birthday and was prepared to celebrate the event till dawn.

Fortunately, cooler heads prevailed, and by 11 p.m. all had gone their various ways. What to do? Too late for dinner or a show. Too early for bed.

My wife, who turns into a Go-Go Girl when she gets into a hotel room and hasn't any meals or dishes or laundry to worry about, suggested we hit the coffee-house circuit. My daughter, whose foremost desire is to do just that, but by herself, demurred.

'Who wants to go there with parents? And besides, I hear they don't allow old people into them.'

'Waddaya mean, old people?' chorused her Old Lady and her Old Man.

When the kid realized there wasn't a hope of getting into that teenage jungle on her own, she

graciously permitted us to go along.

And that's how we found our selves in famous, or infamous, Yorkville, at midnight, with about 4,000 young people strolling up and down the sacred couple of blocks, on their nightly pilgrimage.

Within five minutes, we'd been spotted by one of my students, who seemed delighted to catch Mr. Smiley in the act, so to speak. We took refuge in a cellar joint. Maybe I'm getting old and crusty. But the coffee houses have changed greatly, and for the worse, in the five years since I've been there.

Then, they were run by enthusiastic amateurs, you could spend a whole evening for a dollar and a quarter, and the music was provided by young folk singers, some lousy, some good, but all serious and rather sweet.

Now they've gone commercial. There's a stiffish cover charge, coffee is 50 cents a wallop and rotten, and the music, provided by groups whose sole purpose seems to be to drive you right out of your skull, is one great blast of electronic noise and shouting.

Ironically, the places have become too expensive for most of the young people they were originally intended for. Perhaps that's why they walk up and down outside in one vast, rolling crowd that is always potentially a mob.

Oh, well, it was a good weekend. We had budgeted for one night only. But we didn't wake up until checking-out time, it was still steaming hot outside, and the girls came up with some of that weird feminine logic which proved that we could afford it if we cut down on something or other. So I was hooked for another 24 hours of pretending to be a millionaire.

We loafed, swam, watched the real rich people spoiling their kids, had an Italian dinner, and took in Eric Nicol's comedy, catching three seats in the second row by pure luck. Enjoyed it, but I'm afraid it will hit Broadway about the same year I win the Nobel prize.

And home Sunday, up the highway north, rested and refreshed, and laughing all the way at those sun-burned, exhausted vacationers pouring south, on their way back from the sizzling north to the tropical city.

WILBERFORCE

Among the visitors to Wilberforce this weekend was William F. Stanton of Wilkes Barre, Penn. who arrived on Friday night in a Volkswagen Van. He had crossed the border at Ogdensburg on July 5 on what was to be an extended fishing trip. He travelled through Northern Ontario as far as Port Arthur and fished at various lakes including Lake Nipigon where he had some good fishing. He visited the lumber camps around Espanola and with his van saw many places which without a car it is impossible to get to. We met him on his way back and talked with him for many hours. His VW Van is fitted up with a bed and he is independent of modern civilization. He cooks his meals on a small oil stove and generally leads a kind of a gypsy life. He was retired from the United States Navy Inspection Services a few years ago and has travelled many miles in the U.S. and Canada. He tells of his experiences as an inspector for material for the Navy with a touch of humour, and keeps one interested for hours. He left today (Monday) for Coe Hill and then on his way back through Toronto where he plans to visit the C.N.E. and then back home again along the lake to Wilkes Barre. Am pleased to say we took him fishing on Sunday for bass and managed to get our limit in a couple of hours. We welcome visits from our

NEWS NOTES

neighbours from the south when they come to us with the good will which he brought to us.

Sitting quietly reading on Friday evening I was suddenly invaded by three young boys, David and Michael (twins) and a younger brother. They walked in carrying about six fish and were so excited over the fact that one of the fish was a nice smallmouth bass measuring about 15½ inches caught by David from the bridge at Otter Lake.

Late on Friday night heard the siren of the fire reel and heard the cars hurrying after it, only to discover the next day that the fire was at the Township garbage dump. Glad I didn't decide to get up and get an eye witness account of the fire.

The Annual Memorial Day Service was held in South Wilberforce United Church on Sunday at 2:30 p.m. with the minister, Mr. McAllister, taking the service. The joint choirs of the United and Anglican Churches were present. The Church was well attended, people from all around the district were here and the graves were decorated.

The Reunion of the Donaldson family was held on Saturday at the Harcourt Community Hall at which there were 63 guests present. A turkey supper was served at night.

CHURCH NEWS

ST. PAUL'S, MINDEN

In 1947 Rev. Vincent R. Browne was made Incumbent to the Parishes of Maple Lake, Boskung and Gelert. A short time later, Minden took the place of Gelert. Their loss was our gain. Though living at the Rectory at Maple Lake Mr. and Mrs. Browne made many friends in Minden.

From here he got the call to Abillon, New York. Several from

Minden attended his Induction. The procession which included two Bishops was most impressive. He comes to us Sunday, August 21 from Grace Church, Ridgway, Penn., where he is Priest in charge.

We do appreciate his coming such a distance to help in our Centennial Celebrations. We extend a very warm welcome to "Vince" and his family who are house guests of Mrs. J. M. Irwin.

LETTERS to the EDITOR

August 13th, 1966, Inn, Highway 35, six miles north of Toronto, Ont.

The Editor.

Dear Sir:

The Haliburton Highlands Property Owners' Council is an organization which works year round for the benefit of their adopted "home-away-from-home". This means for the community as a whole, not just the cottagers. Organized in 1961 it includes representatives from 21 cottage organizations, and speaks for over 5,000 cottagers. In the true spirit of co-operation with local administrations, the council offers the experience and knowledge possessed by its members for the use of the community as a whole in bettering present conditions and finding the solution to future development problems.

The Annual General Meeting of the Haliburton Highlands Property Owners' Council will be held August 20th, commencing at 10:00 a.m. at the Red Umbrella

of Minden. The guest speaker will be Mr. Edwin Curtin, President of the Lake Ontario Development Association, Peterborough.

There will be a lot of valuable information available on future development plans for the area, as well as authoritative comments on sanitation, water pollution, water resources, conservation of wildlife. These are problems which are of vital interest to everyone, both summer residents and permanent residents. The \$2.00 registration fee includes lunch and hospitality hour. It's a great opportunity for us all to meet on the level of taxpayers and get acquainted with each other's problems, and thereby reach a better understanding of them.

We're looking forward to seeing you.

Sincerely,

Yvette Rathwell,
Chairman, Publicity.

Hockey Player Escapes Injury In Area Crash

A former Lindsay hockey player, 19-year-old George Babcock of 54 Glenelg Street West, Lindsay, and a 19-year-old companion, Paul Bick of Oshawa, escaped injury when the car in which they were riding went out of control on Highway 35 at Miner's Bay and crashed recently.

Babcock and Bick had apparently been visiting a teammate, Bobby Orr of the Oshawa Generals, who is at the Haliburton hockey school, and were returning home when police said their car skidded on slippery pavement and rolled.

Damage in the crash was estimated at \$300.

Minden OPP Constable John Parsonage investigated.

Gloria-Ann Mintz Weds Sidney Stamp In North Road Chapel At Minden

The North Road Chapel in Minden was the scene of a very pretty June wedding on Saturday, June 4, 1966 at 3:00 p.m. when Gloria-Ann, only daughter of Mr. and Mrs. Mervin C. Mintz of Minden, was united in holy matrimony with Sidney O. Stamp, only son of Mr. and Mrs. David R. Stamp of Minden, Ontario.

The church was decorated with baskets of apple blossoms and bridal wreath intermingled with pink tulips and narcissus.

Rev. Amos Brubacher officiated at the double ring ceremony, and the soloist was Mr. Donald Jones of Peterborough who sang "O Perfect Love" and "The Wedding Prayer", accompanied by Mr. Ralph Hussey of Carnarvon, Ontario.

The bride, who was given in marriage by her father, was beautifully gowned in a full-length peau de soie with nylon net covering it with a chapel train. The gown was trimmed with embroidered lace. She carried a lovely bouquet made up of three red roses, lily-of-the-valley, bordered with lily-of-the-valley leaves.

Miss Dorothy Stamp of Minden, sister of the groom, was matron of honour, and the bridesmaids were Mrs. Marilyn Congdon (nee Stamp) of Minden, sister of the groom, and Miss Rhonda Loucks of Minden, a cousin of the bride.

The bridal attendants looked charming in floor-length gowns of peau de soie. The matron of honour wore a white gown with a rose cumberband and matching shoes and headdress. The bridesmaids wore rose gowns with white cumberbands and matching shoes and headdresses. They carried lace-covered parasols filled with pink and white carnations and little sweetheart roses.

Miss Jody Campbell was the flower girl, a friend of the bride and groom, and wore a floor-length dress of white peau de soie with matching headdress and shoes.

The bride's brother, Mr. Andre Mintz of Minden, was best man, and the ushers were Mr. David Congdon of Minden, brother-in-law of the groom, and Mr. John Francis of Gelert, friend of the groom. The groom's attendants wore black trousers with white dinner jackets.

Master Mervin Mintz, brother of the bride, served as ring bearer, carrying the rings on a white satin-covered prayer book.

The reception was held at Bonnie View Inn on Lake Kashagawamog, where the bride's mother received wearing a three-piece suit of pale blue with hat to match and white accessories, accented with a corsage of pink and white carnations. The bridegroom's mother looked charming in a pink one-piece dress with matching jacket with a pink corsage of carnations.

Midst showers of good wishes the happy couple left on a honeymoon trip to the United States, the bride wearing a pink silk dress with a lace coat to match and white accessories. Her corsage was made up of pink sweetheart roses intermingled with ribbons of many colours.

Guests were present from St. Catharines, Oshawa, Toronto, Peterborough, Norwood and Brooklyn.

The young couple will reside in Minden.

Throw-aways: A Scourge

By PETE MCGILLEN

A new curse is being laid on civilization's back in the name of convenience and economy.

This is the non-returnable bottle to be used for soft drinks and beer.

The correct name for this scourge is the throw-away bottle. Where is it going to be thrown away?

The answer is: on your lawn, on roadsides, on beaches, at portage landings, on wharfs, docks, parks, bushland, farm fields, along streams, almost everywhere except in garbage containers.

It is not plastic, and it is not ordinary glass, but something in between. It is nearly imperishable and it will break into knife-sharp shreds and slivers to gash children's feet and dogs' feet.

If you live in a city apartment and never go outdoors it might not concern you. But if you love the outdoors, camping, fishing, hunting, wildflowers, photography wild nature in any form then it should concern you.

I submit that it is my business to see to it that those bottles are not given public acceptance. It is my business to refuse to buy products in such containers. And if you care to join me the bottles will never introduce them.

Present-day pop and beer bottles have a two-cent value. Because of this hundreds of school boys and retired men scour the roadsides recovering them. Householders and people in the tourist business find it worth their while to return them. Because of this economic feature they have not become a nuisance or a problem, nor have they to any great extent scarred the countryside.

The throw-away bottle will make rural Ontario one great widespread garbage dump. It will magnify the hazard of broken glass a thousand fold. It will make many beautiful spots unsightly. It will increase the danger of grass fires and bush fires.

I know how valuable every square foot of space is in a supermarket. Handling empties may be a bit of a nuisance, but in the long run they are worth the time it takes. A pop or beer bottle should have a life of at least 20 fillings, hence I cannot see any saving in a non-returnable bottle.

We have a large enough segment of our population now which might well be classed as slobs because they litter and pollute every outdoor spot they visit. The throw-away bottle might tend to convert most of the rest of us into the same category.

I've written the three pop companies that I do business with telling them that if the throw-away bottle is introduced I'll refuse to handle them.

Surely some of you are just as interested in keeping Ontario from becoming an unsightly garbage dump. You want your children to be able to go swimming without risking a badly cut foot. You want to walk your dog. You like wild nature in its natural undefiled state. So, join the fight, and more power to your fist. (Toronto Telegram)

McKELVEY — In loving memory of a dear husband and father, Harold McKelvey, who passed away August 23, 1963. Two tired eyes are sleeping.

OBITUARY

ELLEN HOXIE

Residents throughout this area were deeply shocked on the afternoon of Thursday, August 4th when it was learned that Ellen Hoxie, beloved wife of the late Vallance Hoxie, had suddenly departed from our midst.

The deceased was the former Ellen Gilmour of Glasgow, Scotland and at the time of her death was in her 62nd year. Helen as her many friends and neighbours called her, was a kind and thoughtful person and was highly thought of by a large circle of acquaintances. The many and beautiful floral tributes which all but filled the living room of her fine and well kept home were an indication of this fact.

The late Mrs. Hoxie was suddenly bereft of her husband on May 14th and his death left a far greater wound than many of us could comprehend and this was no doubt a contributing cause of her sudden demise.

A member of St. George's Church and a faithful worker in the W.A., her presence and efforts on their behalf will no doubt be missed.

The funeral service was held on Monday, August 8th from her late residence with the Rev. R. J. Carder in charge.

The deceased is survived by one son, Alan of Toronto, and a step-son, Jack of Haliburton. Two sisters and two brothers of Glasgow, Scotland also survive.

Pallbearers were Oswald Gliddon, Jack Whitfield, Erven Hoxie, Creighton Feir, Robert Bishop and David Brodhagen.

Interment was made in Evergreen Cemetery, Haliburton.

LETTERS to the EDITOR

August 9, 1966

The Editor,
Haliburton County Echo,
Haliburton, Ont.

Dear Mr. Feir:

Further to the discussion of the "None Returnable" bottle menace the article by Pete McGillen in the August 9 Telegram covers the situation very thoroughly.

I fear a number of local merchants are putting self-interests ahead of sound reasoning and are encouraging the sale of this scourge. The less ambitious ones are even selling these NR's right out of the cooler. Can they not see these will be left lying all over their premises and they will have to gather them up and haul them away to the dump themselves? Would it not be much better to have the pop company haul returnable bottles away for him?

Some real progressive (?) merchants even have signs up on their door, boldly telling their customers not to bring in any bottles. The customer is not asking for these expensive NR's. The bottling company is trying to make more money at the buyers' expense and the merchants are insulting their customers by forcing these on them to save themselves a little work. An efficient system of handling bottles is not beyond the capacity of the busiest merchant. Personal experience shows that if a kid brings in some bottles, he wants to buy something in return, and the merchant by refusing them is discouraging our boys and girls from their first attempt at commercial enterprise.

The other day I had occasion to be waiting near a doctor's office. Ironically enough, I counted nine pop bottles scattered around the lawn. Two boys came along, picked up two returnable bottles and went merrily along. The seven non-returnable bottles remained to be broken. I must say if a child gashed his foot open the doctor would be handy; but the tired and overworked doctor is not looking for this kind of business. Neither has he time to pick up for careless bottle throwers.

I say any merchant dispensing NR's is doing a grave dis-service to our fair holiday area. The bottle companies could also do some research into a strong, pressure resistant paper bottle similar to the disposable milk carton.

N. C. Lynn,
R.R. 1, Haliburton.

Labour Of Love

The mother so ignoble felt,
When occupied all day,
She hadn't time to work for God.
Or kneel to Him and pray.
There'd been so many things to do,

Tending small ones three;
Calming fears and soothing
bumps,
That each might happy be.

So, at last, when darkness fell,
Each little one was fed,
Washed and fondly kissed good-
night

And tucked away in bed;
She picked up the Holy Book,
To read a verse or two,
And ask the Lord to forgive
The things she did not do.

"Inasmuch as ye have done it,
(Her eyes these words did see),
Unto one of the least of these
Ye have done it unto me".
Ah, God was not dissatisfied
With what she'd done that day,
For by showing love to others,
She'd been serving Him this way.

For He had seen that cup of
water

Given to a tired child;

He'd seen her wipe away the
tears,

And watched her with a smile.

Suddenly, it all was clear,

She was no longer blue,

For now she knew this 'labour
of love'

God wanted her to do.

\$550 Damage

A car driven by a Toronto man, 40-year-old Gabor Eichler of Downsview, sustained \$550 damage when it crashed on the Thiel Road near Haliburton Lake recently.

Minden OPP said the car went off the road and crashed into a tree. Police said the car was not extensively damaged and the driver got out and went for police. The car was on a steep 15-foot embankment on such an angle that the car toppled over after about 20 minutes and rolled down the embankment, landing on its roof.

Police said Eichler said he swerved to avoid hitting a dog when the car went off the road.

Minden OPP Constable Allan Brooks investigated.

\$300 Damage

A car driven by 18-year-old Sterling Hewitt of Minden sustained \$300 damage when the driver lost control on a corner in Minden about 1 a.m. last Monday and crashed into a ditch.

Minden OPP said the car had been negotiating a corner on Orde Street in Minden when the accident occurred.

Minden OPP Constable Gene Whitney investigated.

OBITUARY

OLIVER STEVENS

Oliver Stevens passed away suddenly on August 3rd, 1966. He was 72 years old. Death came as a shock to his family although he had not been in good health for some time, he was up and around.

He was the son of the late Mr. and Mrs. W. M. H. Stevens of Kushog Lake. He retired from the Forest Rangers School where he was employed for 19 years August 11, 1964, and resided on the farm at Kushog Lake.

On July 10th, 1918 he married Mae Coulter of Boskung. Besides his sorrowing wife Mae, his son William, daughter-in-law Eileen and three grandchildren, John, Ronnie and Margaret survive him; also his two sisters, Mrs. Bert Harrison (Elliness) and Mrs. Roy Helles (Mabel).

The burial service, conducted by Rev. Chas. Dymond in the Chapel of the John Welch and Son Funeral Home at 2 p.m. on August 6, was largely attended.

The pallbearers were Leigh Harrison, Jack Berry, Stanley Coulter, Wilfred Ackerblade, Holly Harrison and Carl Harrison.

Interment took place in the family plot at Boskung Cemetery on August 6th, 1966.

LILA E. LAKING

One of Haliburton's most highly respected and gracious citizens in the person of Lila E. Laking passed away on Sunday, August 7th. Although the deceased had been in failing health for some time due to a malady that left no chance for recovery, her going

left her many friends and neighbours with a genuine feeling of regret.

The late Mrs. Laking was in her 83rd year, having been born in this village in the year of 1883, and had resided here practically all her life.

In the year 1911 she married John T. Laking, who later was to become Reeve of Dysart, and contributed much to this area before a tragic drowning accident which cut short a promising career. As a young woman Mrs. Laking started a scrap book which to-day is priceless as it is without doubt one of the most authentic account of events that have happened in Haliburton for the past half century.

The deceased was a charter member of Highland Chapter of the Order of the Eastern Star, who held a special service in her memory at her home on Monday evening.

The late Mrs. Laking was a member of St. George's Anglican Church and attended services as long as her health would permit. She was also a charter member of the Women's Auxilliary and contributed much to this branch of church work.

The funeral service which was held from her late residence on Tuesday afternoon, August 9th was conducted by the Rev. Raymond J. Carder, who in his message to the bereaved paid tribute to Mrs. Laking and the rich and full life that she had lived.

The deceased is survived by a daughter, Evelyn (Mrs. H. Brod-hagen) of Haliburton, and two granddaughters and two grandsons, namely Sylvia (Mrs. Robert Bishop) of Scarborough, Lynda

Church News

ALLSAW

PENTECOSTAL MISSION

The blessing of the Lord, it maketh rich, and He addeth no sorrow with it. Proverbs 10:22. This scripture from God's word has proven true in the blessings from the Lord and fellowship we are enjoying with Evangelist Barbara Massie of Scotland. Her ministry in word and song are richly anointed by the Holy Spirit with miracles, sings and wonders following. Lives are made over anew, bodies healed and deliverance from bondages according to the Great Commission Christ left to His followers recorded in St. Mark 16: 15-20.

Evangelist Massie has travelled extensively in God's work. Born in Scotland of pioneer minister parents, she left her vocation of professional nursing to become an Evangelist to bear the Good News to the ends of the earth.

There has been times of happy singing and praise to a God who is not dead but liveth, and because He lives we live also. As we continue on, we are expecting great things. There will be a quintet from Toronto for this

Saturday night (7:30). All reports are they have a wonderful ministry in song.

Also there will be other visitors and ministries over the weekend, with an added service of a water baptismal on North Shore of Lake Kashagawiganog Sunday afternoon. See Church notices for further details.

Come and enjoy these blessings, all are welcome.
